Assessment system

The university uses a 100-point accumulative system for evaluating the learning outcomes of students.

Current control is carried out during practical/tutorials (seminar) classes and is aimed at checking the level of preparedness of a student to perform a specific job and is evaluated by the sum of points scored.

The final control includes the semester control, which is conducted in the form of the exam.

The maximum possible number of points for current control during the semester for the course is 60, and the minimum possible number of points is 35.

The maximum possible number of points for the exam is 40 and the minimum possible number of points is 25.

More detailed information on assessment is given in the technological card of the course.

Course policies

The teaching is based on the principles of academic integrity. Violations of academic integrity include: academic plagiarism, fabrication, falsification, plagiarism, deception, bribery, biased evaluation. For violation of academic integrity, students are subject to the following academic responsibility: repeated assessment of the corresponding type of educational work.

More detailed information about competencies, learning outcomes, teaching methods, assessment forms, self-study is given in the Syllabus (working plan) of the educational course (<https://pns.hneu.edu.ua/course/view.php?id=11599>)
