Learning outcomes assessment system

Assessment of learning outcomes is carried out on a cumulative 100-point system. The minimum number of points for the current control during the semester, which allows the student to take the exam - 35, the maximum - 60. The final control is conducted in the form of a semester exam. The minimum score that allows you to successfully pass the exam - 25, the maximum - 40. The total number of points in the discipline is defined as a simple sum of points on the results of student success (maximum - 100 points).

Rating points accumulation

Types of learning (number * points)	Max score
Work on lectures	16
Discussions on seminars	8
Report (1*10)	10
Express survey (16*1)	16
Essay	10
Exam	40
Maximum score	100

Primary discipline policies

Victory of primary discipline runtut in ambushes of academic virtue (<https://www.hneu.edu.ua/akademichna-dobrochesnist/>). Violations of academic integrity are involved: academic plug-in, self-development, fabrication, falsification, write-off, deception, habarianism, unnecessary evaluation. Passes take to see (sleep asleep); non-acceptance of independent robots is unacceptable.

More detailed information about competencies, results of training, methods of training, forms of assessment, independent robots was introduced in the Robotic program of basic discipline
