System of appreciating results

Estimation of the results is made according to the accumulative 100-points system. Continuous control, which is carried out during the semester and practical (seminar) lessons, is estimated by the sum of the points scored. Maximal possible quantity of points for continuous and final control is 100, minimal possible is 60.

The continuous control supposes the follow work: control works, presentations to the studied themes, debates and writing essays.

More detailed information of estimation and accumulation of points from academic discipline is acceptable in the working plan (technologic map) of the academic discipline.

Politics of Academic Discipline

Teaching of academic discipline is based on the principles of academic honesty (<https://www.hneu.edu.ua/akademichna-dobrochesnist/>). Violation of academic honesty includes plagiarism and self-plagiarism, falsification, cheating, deceit, bribe, unobjective appreciation. Skipping class is worked out through oral questioning; default of independent work isn't permitted.

More detailed information concerning competencies, results and methods of study, forms of appreciation, independent work are given in the program of academic discipline:
