System of results estimation

Estimation of the results is made according to the accumulative 100-points system. Minimal quantity of points for semester that admits students to passing exam is 35, maximal is 60. Final control is led in the form of exam, the minimal points that provide positive result are 25, maximal are 40. The result quantity of points is determined as a simple sum of points (maximal quantity is 100)

More detailed information of estimation and accumulation of points from academic discipline is acceptable in the working plan (technologic map) of the academic discipline.

Politics of Academic Discipline

Teaching of academic discipline is based on the principles of academic honesty. Violation of academic honesty includes plagiarism and self-plagiarism, falsification, cheating, deceit, bribe, unobjective appreciation. Skipping class is worked out through oral questioning; default of independent work isn't permitted.

More detailed information concerning competencies, results and methods of study, forms of appreciation, independent work are given in the program of academic discipline

Syllabus was fixed in the session of the Department in June 7, 2022. Protocol N 12.
