Discipline policies

When studying this discipline, it is mandatory to adhere to the policy of academic integrity, that include consideration skipping of classes and perform tasks later than the deadline.

Academic Integrity Policy: A higher education student must adhere to academic integrity while studying. Violations of academic integrity are: academic plagiarism, self-plagiarism, fabrication, falsification, writing off, deception. For violation of academic integrity, students may be held subject to the following academic liability: re-assessment (test, credit); re-passing the relevant educational component of the educational program. Write-off during control (modular) works is forbidden (including with use of mobile devices). <https://www.hneu.edu.ua/akademichna-dobrochesnist/>

Policy on skipping classes: active work of the applicant during lectures and laboratory (seminar) classes is estimated at 0.5 points; absence from class makes it impossible for the applicant to receive the appropriate points; if there are 50% or more absences from lectures, the applicant may be admitted to the final control only after the presentation of a short synopsis of lecture material on missed topics.

Policy on the implementation of tasks later than the deadline: the implementation and defense of tasks in the discipline are in accordance with the schedule of the educational process in the discipline, which is presented in the work plan (technological map). Deviations from the schedule do not affect the evaluation results.

More detailed information on competencies, learning outcomes, teaching methods, forms of assessment, independent work is given in the Work Program for the discipline.
