Discipline policies

Policy of observance of academic integrity: independent performance of educational tasks, tasks of current and final control of learning outcomes; references to sources of information in the case of statements.

Attendance policy: active student work during lectures and practical classes are estimated at 1 point; absence from class makes it impossible for a student to receive the appropriate points. The lecture is skipped by the student (answers the tests). The student performs and defends the missed practical tasks according to the schedule of consultations. The current "unsatisfactory", which the student receives, are transferred to the teacher before the final control with a mandatory mark in the journal of academic groups.

Policy for the performance of tasks later than the deadline: implementation and protection tasks in the discipline take place according to the work plan (technological map).

More detailed information on competencies, learning outcomes, teaching methods, forms of assessment, independent work is given in the Work program of the discipline (<http://repository.hneu.edu.ua>).

The syllabus was approved at the meeting of the department "25" on June 2021. Protocol № 19
